

ROHS CERTIFICATE

PLASTIC STOCK SHAPES

ABSENCE DECLARATION (RoHS III)

The following statement is valid for products: **Stock shapes, POM all colours**

Based on the certifications received by our raw materials' suppliers, we confirm hereby that the substances regulated by the Directive 2011/65/EU of the European Parliament on the restriction of the use of certain hazardous substances (RoHS II) in electrical and electronic equipment, and the amendments applied with COMMISSION DELEGATED DIRECTIVE (EU) 2015/863, are neither intentionally introduced during the production of the raw materials nor during the manufacture of the above mentioned stock shapes.

Substances under RoHS (III) regulation:

cadmium (Cd),
lead (Pb),
mercury (Hg),
hexavalent chromium [Cr(VI)],
polybrominated biphenyls (PBB),
polybrominated diphenyl ethers (PBDE),
bis(2-ethylhexyl) phthalate (DEHP),
butyl benzyl phthalate (BBP),
dibutyl phthalate (DBP),
diisobutyl phthalate (DIBP).

Since the presence of the above mentioned substances is not to be expected, depending on the raw material used in the production, their absence in the form of inventories is not systematically tested.

This declaration expires only in case of amendment of the law or of the compositions of the raw materials.
In this case we will issue a new document.
